

Intelligence Analyst Intelligence Analyst Intern Opportunities

The Northern California High Intensity Drug Trafficking Area (NC HIDTA) and the Northern California Regional Intelligence Center (NCRIC) are currently accepting applications for interns who are interested in pursuing a career in criminal intelligence and crime analysis.

The NCRIC/NCHIDTA is a government program that helps safeguard the community by serving as a dynamic security nexus. To detect, prevent, investigate, and respond to criminal and terrorist activity, we disseminate intelligence and facilitate communications between Federal, State and local law enforcement agencies and private sector critical infrastructure partners to help them prevent and respond to threats and public safety issues.
