Automated License Plate Reader (ALPR) – Technology and Procedures

Automated License Plate Reader (ALPR) Technology and Procedures

Course Date: Wednesday, June 19th, 2019; 0800- 1700 Hours

Location: San Jose City College
2100 Moorpark Ave., Technology Building
San Jose, Ca 95128

Course Description / Objectives: This course is designed to educate attendees on all aspects of the diverse use of License Plate Reader (LPR) technology. This class covers LPR technology and databases available to law enforcement highlighting the best practices of its deployment. This course shows all features of LPR technology utilizing real world scenarios. Students will be shown an alternative to deploying the traditional law enforcement LPR model highlighting the integration of Private LPR data. LPR technology is utilized by over 75% of all law enforcement agencies with little to no formal training; this course will identify best practices in using the data and covering legal aspects. While this course is designed to cover the use of all LPR systems it will focus on utilizing commercial LPR data which consists of 3 billion records. Attendees will see the effect of using robust analytical tools within LPR databases maximizing your investigative efforts in almost every facet of the job. The diversity of the databases will be demonstrated in both areas of field enforcement and investigations. At the conclusion of the class each attendee will retain access to the private LPR database with logon credentials for a period of 30 days.

Course Objectives:

- How the LPR Technology Works
- How to maximize your agencies LPR fleet
- Legal aspects of LPR
- LPR investigative resources
- Private LPR data and how it is used
- LPR hotlist-creation, deployment and training
- Alternatives to traditional LPR systems

Target Audience / Discipline: This instruction is designed for **Active** peace officers, firefighters, state investigators, federal agents, military investigative personnel, or other government employees working within the public safety / homeland security community. Attendees must be currently employed by a government LAW ENFORCEMENT agency operating in the NCRIC's Area of Responsibility (AOR) - see below.

Cost: Free >>>> Agency Identification is required at Check-in (No Exceptions) <<<<

Registration: Registration must be completed on-line at www.ncric.org in the Members Only section (if you are not a member, click on the link to join). Click on the "Registration" Tab. All attendees are automatically placed on a waiting list and will be notified by email of their acceptance and registration in the course. No "walk up" registrations are accepted.

ALL ATTENDEES ARE AUTOMATICALLY PLACED ON A WAITING LIST AND WILL BE NOTIFIED BY EMAIL OF THEIR ACCEPTANCE AND REGISTRATION IN THE COURSE ONCE THEY ARE VETTED. NO "WALK UP" REGISTRATIONS!

*****STUDENTS ARE ENCOURAGED TO BRING A LAPTOP AND SEVERAL LICENSE PLATE NUMBERS FROM OPEN INVESTIGATIONS*****
